

Young Adults' Choices

Goals

- Give young adults an opportunity to voice their opinions about books written for them
- Develop an annual annotated reading list of new books that young adults enjoy
- Help educators, librarians, booksellers, families and caregivers, and others find books that will encourage young adults to read more

Background

Young Adults' Choices began in 1986 as an annual project of the International Literacy Association (ILA). Each year, approximately 12,500 students (grades 7–12) from different areas of the United States read and select 30 titles from new books donated by North American publishers.

Previous Young Adults' Choices annotated lists are available at <https://literacyworldwide.org/get-resources/reading-lists/young-adults-choices-reading-list>
